WHEN A STATE ABANDONS WORKERS' COMPENSATION, WORKERS SUFFER

Center for Justice & Democracy at New York Law School
www.centerjd.org

“ProPublica and NPR obtained the injury benefit plans of nearly 120 companies who have opted out [of workers comp] in Texas or Oklahoma ... to conduct the first independent analysis of how these plans compare to state workers' comp. The investigation found the plans almost universally have lower benefits, more restrictions and virtually no independent oversight.”
