## ASBESTOS IMPORTS ARE ON THE RISE IN THE U.S.

"114 metric tons of raw chrysotile asbestos have been imported in the first three months of 2022 – a number exceeding the 100 metric tons imported during the entirety of last year. Those imports are driven by the chlor-alkali industry, which uses asbestos diaphragms to make chlorine."

**"U.S. asbestos imports surge despite crackdown," E&E News, May 12, 2022**
